CITY STAFF MEMBERS PRESENT:
Mali LaGoe, City Manager
Kirsten Powell, City Attorney

COMMITTEE REPORTS

CM Dilles attended the Monterey Bay Economic Partnership State of the Region
conference. Also in attendance was Community Development Director Bateman. A lot
of topics were covered including successful responses to COVID, ways to have a
sustainable healthy vibrant community, the high cost of housing (90% of Scotts Valley
workers live outside of Scotts Valley), broadband funding for underserved communities,
and drone technology. They also received a photo presentation of the Monterey Bay
area, and presentations from local industries (local banking, community foundations,
and health trusts).
CM Dilles attended the Area Agency on Aging committee where they discussed state and federal funding for senior programs. The funds from the Older Americans Recovery and Resiliency Act, previously scheduled to be spent by the end of 2024, now need to be spent by the end of 2023. Through the nutrition infrastructure segment of this act, the City of Scotts Valley is to receive funds for a new refrigerator at the Senior Center. He also noted that one-time monies have been received for programs that benefit seniors living in convalescent and assisted living homes.

CM Timm attended the Town Center Subcommittee and participated in a working lunch, plus a site walk, with Dara Sanders the City’s consultant from Good City. The subcommittee also met to review what needs to be done to update the City’s Town Center specific plan.

CM Timm attended the Association of Monterey Bay Area Governments (AMBAG) meeting which was the final meeting on the draft Regional Housing Needs Assessment (RHNA) which relates to the housing cycle from 2023 to 2031. This vote was taken on this in January of 2022 and the draft remains unchanged – two jurisdictions appealed, and both appeals were denied. The plan was approved with CM Timm as the lone dissenting vote.

CM Johnson attended the Regional Transportation Commission (RTC) meeting where they heard a presentation on the Central Coast Zero Emissions Vehicle Strategy. They also heard an update on the coastal rail-trail maintenance and funding.

CM Johnson attended the Town Center Subcommittee meeting and found it to be very productive.

Mayor Lind attended the Central Coast roundtable listening session on infrastructure investments where they shared RHNA number challenges, water challenges, and the maintenance and funding of recycled water programs.

Mayor Lind attended a Santa Cruz Metropolitan Transit District (METRO) meeting workshop where they discussed housing and explored options to build housing for drivers and employees (74 homes on Paul Sweet Road, and additional housing on an acre in Watsonville). They received information on the progress of the zero emissions program for buses.

Mayor Lind congratulated Chief Walpole on bringing back Officer Jesse Pidcock to the Police Department.

**CITY MANAGER REPORT**

**State of the City:** The State of the City Address is scheduled for October 28, 2022, from 4:00 PM to 6:00 PM at the Scotts Valley Performing Arts Center. This event is coordinated by Dave Hodgins with the Scotts Valley Senior Life Association. The public is welcome to attend.
Bike and Walk to School Day: The Police Department will be supporting the Bike and Walk to School Day on October 27, 2022. There will be a police presence at both Scotts Valley Middle School and Vine Hill Elementary School. Students will be able to safely walk, bike, and make their way to school in some way other than a vehicle.

Public Works Department:
- The Public Works Department has been dealing with a major leak at Skypark which caused the closure of the restrooms and the need to bring in temporary restroom facilities. While the restrooms were closed, the public works staff took the opportunity to resurface the floors with a new epoxy seal. The restrooms at Hocus Pocus Park also received the resurfacing epoxy, and this will be completed in the other parks as well.
- Public Works also has several requests for proposals and request for bids on the website for various projects. We look forward to moving our Capital Improvement Projects (CIPs) forward.
- The public is reminded that if they need to place a report after hours for something that needs to be repaired, please call the Police Department non-emergency number.

Diversity, Equity and Inclusion (DEI) training: All City staff will be completing this training. Half of the staff participated in this training on October 14th, and the other half of the staff will participate on October 21st. The DEI training for City Council Members is scheduled for November 18, 2022.

Library System: Although the SEIU strike impacts the Santa Cruz Library System staffing, the Scotts Valley and Capitola branches remain open with no staffing impact at this point in time. The situation is being closely monitored.

Administrative Services Director: Thank you to Casey Estorga, our outgoing Administrative Services Director for his contributions to the City of Scotts Valley. Thank you for your service, Director Estorga, and best of luck in your future endeavors.

CITY COUNCIL STAFF REPORT

DATE: November 2, 2022
TO: Honorable Mayor and City Council
FROM: Mali LaGoe, City Manager
SUBJECT: LETTER OF SUPPORT FOR STATE AUTHORIZATION TO BUILD A VETERANS HOME IN THE MONTEREY COUNTY REGION

SUMMARY OF ISSUE
Currently, there is a shortage of Veterans Homes capacity leading to extended wait times for veterans to access earned and much needed services. Often, veterans in need of Skilled Nursing and Memory Care must wait years before they get admitted. If veterans are unable to access Veteran Home services timely, they will have to seek other options, potentially out of the state, or even risk becoming homeless. The construction of a new Veterans Home in Monterey County would help to alleviate the long wait times and keep our Veterans closer to home. Current wait times for these services are:

- Yountville: 5 years wait time for admittance.
- West Los Angeles: 2 years wait time for admittance.
- Fresno: 4 years wait time for admittance.
- Redding: 5 years wait time for admittance.

The construction of a new Veteran’s Home will lower or eliminate wait times for admittance into the CalVET Veterans Homes for services including combined skilled nursing & memory care services. Adding an additional Veterans Home will increase the number of homes to 9 in the state.

FISCAL IMPACT
None.

STAFF RECOMMENDATION
It is recommended that the City Council approve the letter to support Monterey County’s request for authorizing legislation allowing a Veteran’s Home to be built in the region.

Re: Support for a Veteran’s Home in Monterey County

Dear Monterey Bay Region Federal and State Legislators:

On behalf of the City of Scotts Valley, we are writing to support Monterey County’s request for authorizing legislation allowing a Veteran’s Home to be built in the region.

Currently, there are extended wait times to access the established Veterans Homes in the State for much needed services. If Veterans are unable to access Veteran Home services timely, they will have to seek other options, potentially out of the State of California or even risk becoming homeless. For Veterans in need of Skilled Nursing and Memory Care must wait years before they get admitted. The construction of a new Veterans Home in Monterey County would help to alleviate the long wait times and keep our Veterans in the State. Current wait times for these services are:

- Yountville: 5 years wait time for admittance.
- West Los Angeles: 2 years wait time for admittance.
- Fresno: 4 years wait time for admittance.
- Redding: 5 years wait time for admittance.

California is losing veterans at an alarming rate – much faster than the next 2 largest veteran population states (Texas and Florida). We owe all we have to the veterans of this Nation, and it is our joint obligation to do all we can to care for those who have selflessly served for the freedoms we have today. Currently California Veterans receive more than 8 Billion in Federal
VA Compensation and Pension Payments. In addition, many receive Post 9/11 GI Bill, Chapter 33 Education Benefits and DoD Retirements. If Veterans leave the state so will the need for Veteran Serving organizations that create high paying jobs with the Federal VA, State, Counties, Private Sector and Non-Profits that serve our Veterans. Veterans positively impact the California Ecosystem.

The construction of a new Veteran’s Home will lower or eliminate wait times for admittance into the CalVET Veterans Homes for services including combined skilled nursing & memory care services. Adding an additional Veterans Home will increase the number of homes to 9 in the state. Homes are available to Disabled and Aged Veterans as well as spouses. This home will provide much needed care to our states heroes and decrease the risk of these veterans becoming homelessness. In addition, the location in Monterey County, will provide an attractive geographical location with a rich Military History and current Military presence. Residents of the Veterans Home would have easy access to the Major General William H. Gourley VA-DoD Outpatient Clinic, Commissary’s, Post Exchanges, Military Gyms and other Military / Veteran accessible facilities. There are a large variety of beaches, walking / bike trails and County / State / National parks that will promote outdoor activity.

Additionally, Monterey County is interested in contributing land for a new CalVET Veterans Home and Federal Grants are available for 65% of construction costs of the new Veteran Home. For these reasons, we support the Monterey County’s request for State authorization to build a Veteran’s Home in the region. Should you have any questions, please feel free to contact Mali LaGoe, City Manager, City of Scotts Valley.

Sincerely,

Mayor Donna Lind
Vice Mayor Jim Reed
Council Member Jack Dilles
Council Member Randy Johnson
Council Member Derek Timm
The need is clear. That’s why we’re asking to add a ninth (9th) Veteran Home in beautiful Monterey County to support our nation’s heroes living in California by drastically reducing wait times, providing close proximity to VA health care and several other veteran services, while keeping our veterans from possibly becoming homeless.

CITY COUNCIL STAFF REPORT

FROM: Phillip Linarte, Senior Civil Engineer

REVIEWED: Chris Lamm, Public Works Director/City Engineer

APPROVED: Mali LaGoe, City Manager

SUBJECT: CITY OF SCOTTS VALLEY PUBLIC WORKS BUILDING DEMOLITION AND ABATEMENT, PW PROJECT NO. P22-006 CONTRACT AWARD

SUMMARY OF ISSUE

Through the Capital Improvement Program, the City allocated funds to address the aging infrastructure of the existing Public Works Building. The Public works building consists of modulars constructed in the late 1970s and purchased/moved by the City in FY 1988/1989. The modulars routinely need major maintenance such as siding/skirting replacement, ceiling/roof repairs, light covers, flooring, doors, and water leak damage inside walls and to sub flooring. As the modulars are beyond their useful life and require replacement, the Public Works Building Demolition and Abatement Project will be the first phase of the project to update the Public Works facilities at the maintenance yard on Lundy Lane.

The City issued a call for bids for the City of Scotts Valley Public Works Building Demolition and Abatement Project on September 29th, 2022. The project was bid on a unit price basis, allowing the contractor to bid from drawings, technical documents, and a pre-bid meeting to provide competitive pricing for each item of demolition. The low bidder would be determined on a comparison of unit costs prices for different types of work to be performed.

Public Works received the following bids:

- Randazzo Enterprises, Inc. $54,000
- Central Valley Environmental $57,850
- Garrison Demo & Eng., Inc. $69,050
- Penkor Wrecking $73,600
- Demolition Svc. & Grad., Inc. $78,355
- Coastwide Env. Tech., Inc. $82,000
- Unlimited Environmental, Inc. $97,900
- MAG Engineering $104,652
- Galeb Paving, Inc. $170,555
Public Works staff received nine bids on Thursday, October 27th, 2022. The lowest bidder, Randazzo Enterprises, Inc., was found to be both responsive and responsible.

Staff reviewed the bid and took into consideration the size of company, estimated cost to perform the work, and previous work performed for the City of Scotts Valley. The contractor has been performing demolition and wrecking services since 1969. In addition to demolition, Randazzo Enterprises, Inc. also performs services in land clearing, asbestos, and hazardous material management making them sufficiently qualified to perform the required work.

Upon award, staff will begin coordinating work to be performed as the anticipated project schedule is from December 5th, 2022 through December 22nd, 2022.

Environmental Review
The project is categorically exempt under Section 15302 (b) – Class 2, Replacement or Reconstruction, of the California Environmental Quality Act Guidelines

FISCAL IMPACT
The project is included within the Adopted Fiscal Year 2022-23 Capital Improvement Program, CIP-46, and is funded with $1,250,000 of American Rescue Plan Act (ARPA) Funds.

There is no additional impact on the general fund.

STAFF RECOMMENDATION
Staff recommends that the City Council award the contract to Randazzo Enterprises, Inc. in the amount of $54,000.00 and authorization of expenditure up to $62,100 (15% Contingency) for the City of Scotts Valley Public Works Building Demolition and Abatement and authorize the City Manager to execute the agreement in a form acceptable to the City Attorney

In the case of unit basis items, the amount set forth under the "Item Total" column shall be the product of the unit price bid and the estimated quantity for the item. In case of discrepancy between the unit price and the total set forth for a unit basis item, the unit price shall prevail, except as provided in (a) or (b), as follows:

(a) If the amount set forth as a unit price is unreadable or otherwise unclear, or is omitted, or is the same as the amount as the entry in the item total column, then the amount set forth in the item total column for the item shall prevail and shall be divided by the estimated quantity for the item and the price thus obtained shall be the unit price;

(b) (Decimal Errors) If the product of the entered unit price and the estimated quantity is exactly off by a factor of ten, one hundred, etc., or one-tenth, or one-hundredth, etc. from the entered total, the discrepancy will be resolved by using the entered unit price or item total, whichever most closely approximates percentage wise the unit price or item total in the CITY OF SCOTTS VALLEY's Final Estimate of cost.

If both the unit price and the item total are unreadable or otherwise unclear, or are omitted, the bid may be deemed irregular. Likewise, if the item total for a lump sum item is unreadable or otherwise unclear, or is omitted, the bid may be deemed irregular unless the project being bid has only a single item and a clear, readable total bid is provided.

Symbols such as commas and dollar signs will be ignored and have no mathematical significance in establishing any unit price or item total or lump sums. Written unit prices, item totals and lump sums will be interpreted according to the number of digits and, if applicable, decimal placement. Cents symbols also have no significance in establishing any unit price or item total since all figures are assumed to be expressed in dollars and/or decimal fractions of a dollar. Bids on lump sum items shall be item totals only; if any unit price for a lump sum item is included in a bid and it differs from the item total, the items total shall prevail.

8. The undersigned certifies that the contract documents have been thoroughly read and understood and that, except as may be specifically noted and contained in addenda, there are no discrepancies or misunderstandings as to the meaning, purpose or intent of any provision in the contract documents or as to the interpretation of the same. The undersigned hereby incorporates by reference, the same as though set out in full, all provisions of the Notice to Bidders and Information for Bidders published by Owner and pertaining to the work described in this bid.
9. The undersigned has included with its bid submittal a proposed schedule of work, subject to modification by the Public Works Director, that identifies key project milestones and requirements including irrigation system repair; hydro-seeding; and watering, weeding and mowing schedules.

The foregoing provisions for the resolution of specific irregularities cannot be so comprehensive as to cover every omission, inconsistency, error or other irregularity which may occur in a bid. Any situation not specifically provided for will be determined in the discretion of the CITY OF SCOTTS VALLEY, and that discretion will be exercised in the manner deemed by the CITY OF SCOTTS VALLEY to best protect the public interest in the prompt and economical completion of the work. The decision of the CITY OF SCOTTS VALLEY respecting the amount of a bid, or the existence or treatment of an irregularity in a bid, shall be final.

Accompanying this bid is bidder's bond (insert words "cash", "cashier's check", "certified check" or "bidder's bond" as the case may be), in an amount equal to at least ten percent (10%) of the total of the bid.

The names of all persons interested in the foregoing bid as principals are as follows:

IMPORTANT NOTICE: If bidder or other interested person is corporation, give legal name of corporation, state where incorporated and names of the president and secretary thereof; if a partnership, give name of the firm, also names of all individual co-partners composing firm; if bidder or other interested person is an individual, give first and last names in full.

City of Scotts Valley  
CITY COUNCIL STAFF REPORT

DATE: November 2, 2022

TO: Honorable Mayor and City Council

FROM: Christ Lamm, Public Works Director/City Engineer

APPROVED: Mali LaGoe, City Manager

SUBJECT: CONSIDERATION OF SANITARY SEWER CONNECTION REQUEST; APN 056-102-02, 200 OLD COACH ROAD

SUMMARY OF ISSUE

On February 19, 2014, the City Council adopted Resolution No. 1660.3 (Attachment 1), a policy for the consideration of sewer hookups for properties located outside the City limits. The policy provides that requests for sewer hookups will be reviewed and approved by the City Council on a case-by-case basis for connection to the sewer system through an extraterritorial service agreement.

The property owner at 200 Old Coach Road (APN 056-102-02) is requesting to connect to the City's sanitary sewer system. Pursuant to the policy, the following criteria must be met to allow a sewer hookup outside of the City limits:

- There must be adequate capacity in the sewer treatment system to accommodate the additional hook up.
- Property must be located within the City's sphere of influence.
- If hook ups are allowed, the applicable fair share assessment for sewer capacity and hook up fee shall be paid.
- Prior to sewer connection, written approval from LAFCO is received in accordance with Government Code Section 56133.

There is adequate capacity in the sewer treatment system to accommodate this hook up. The property is located within the City’s sphere of influence. The applicant has agreed to pay his fair share assessment. On January 5, 2022 the LAFCO Commission approved the consideration of an extraterritorial service agreement involving the City of Scotts Valley (Attachment 2).

FISCAL IMPACT

The City will receive $7,385 in wastewater connection fees to be deposited into the Wastewater Fund. There is no General Fund impact.

STAFF RECOMMENDATION
Staff recommends City Council approve Resolution No. 1660.5 authorizing the connection of APN 056-102.02 to the City’s sanitary sewer system.

WHEREAS, the policy provides that certain criteria must be met in order for properties outside the City limits to hook up to the City’s sewer system; and

WHEREAS, one of the criteria under the policy was that only vacant properties contiguous to the City boundaries could hook up to the City’s sewer system; and

WHEREAS, it has been determined that it is appropriate to consider allowing vacant parcels within the City’s sphere of influence to hook up to the City’s sewer system if the other criteria can be met; and

WHEREAS, the City Council desires to amend the policy to allow hook ups on vacant parcels within the City’s sphere of influence.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SCOTTS VALLEY OF THE CITY OF SCOTTS VALLEY AS FOLLOWS:

Executive Officer Joe Serrano noted that the Commission adopted a resolution in November 2021 to continue remote meetings in accordance with the guidelines under AB 361, which acts as a temporary waiver of the Brown Act’s in-person attendance requirements. Mr. Serrano explained that in order to continue to qualify for AB 361’s waiver of in-person meeting requirements, the Commission is required to renew the findings outlined in the resolution adopted back in November. He indicated that based on the new statewide mask mandate, coupled with the rise in COVID cases, staff is recommending that the Commission ratify the existing resolution (No. 2021-19) to continue the use of remote meetings for the next LAFCO Meeting which is scheduled for February 9, 2022.

Chair Justin Cummings requested public comments on this item. Executive Officer Joe Serrano indicated that there were no requests to address the Commission.

Chair Justin Cummings closed public comments.

Chair Justin Cummings called for Commission comments on the remote meeting requirements. Chair Justin Cummings noted no Commission discussion and called for a roll call vote on motion based on staff’s recommendation: Ratify the existing resolution (No. 2021-19) approving the continuation of remote meetings under AB 361.
Executive Officer Joe Serrano conducted a roll call vote on the item.

6b. Appoint New Chair and Vice-Chair

Chair Justin Cummings requested staff to provide a presentation on the process to appoint a Chair and Vice-Chair for the 2022 calendar year.

Executive Officer Joe Serrano explained that in accordance with the Commission’s Meeting Rules Policy, the Commission appoints a new Chair and Vice-Chair in January of each year. Mr. Serrano noted that the new officers’ terms will begin on February 9, 2022 and end on February 1, 2023. He indicated that there is no rule of succession or rotation, however, the acting Vice-Chair has historically been elected as the new Chair. Staff is recommending that the Commission appoint a new Chair and Vice-Chair.

Chair Justin Cummings requested public comments on the update. Executive Officer Joe Serrano indicated that there were no requests to address the Commission. Chair Justin Cummings closed public comments.

Chair Justin Cummings called for Commission comments on the appointment process.

Commissioner Jim Anderson nominates Vice-Chair Rachél Lather as the new LAFCO Chair and Commissioner Roger Anderson seconds the motion.

Commissioner Zach Friend nominates Commissioner Yvette Brooks as the new LAFCO Vice-Chair and Chair Justin Cummings seconds the motion.

Chair Justin Cummings noted no further Commission discussion and called for a roll call vote on two nominations: Appoint Commissioners Rachél Lather and Yvette Brooks as LAFCO’s new Chair and Vice-Chair, respectively.

Executive Officer Joe Serrano conducted a roll call vote on the item.

6c. Appoint New Personnel Committee

Chair Justin Cummings requested staff to provide a presentation on the selection process for LAFCO’s Personnel Committee.

Executive Officer Joe Serrano explained that the role of the committee is to address administrative matters, including staff’s performance evaluations. Mr. Serrano noted that the Commission typically appoints at least two Commissioners to be on the Personnel Committee in accordance with LAFCO’s Personnel Committee Policy. Staff is recommending that the Commission appoint Commissioners Roger Anderson, Justin Cummings, and Rachél Lather to the Personnel Committee for the 2022 calendar year.

Chair Justin Cummings requested public comments on the update. Executive Officer Joe Serrano indicated that there were no requests to address the Commission. Chair Justin Cummings closed public comments.

Chair Justin Cummings called for Commission comments on the appointment process.

Commissioner Jim Anderson asked if a three-member committee will be a new practice going forward. Executive Officer Joe Serrano noted that historically the Personnel Committee has only two members, however, because Commissioner Justin Cummings will be terming out in May 2022, having a third member will ensure that the committee has at least two members throughout the entire year.

Chair Justin Cummings noted no further Commission discussion and called for a roll call vote on motion based on staff’s recommendation: Appoint Commissioners Roger Anderson, Justin Cummings, and Rachél Lather to the Personnel Committee for the 2022 calendar year.

Executive Officer Joe Serrano conducted a roll call vote on the item.

6d. UCSC LRDP Update

Chair Justin Cummings requested staff to provide a presentation on the lawsuit between the City of Santa Cruz and the University of California, Santa Cruz.

Executive Officer Joe Serrano indicated that staff continues to monitor the ongoing lawsuit. Mr. Serrano noted that it is unknown when the lawsuit will be resolved. He suggested that the Commission consider forming an ad-hoc committee in the near future to help staff develop an action plan, if needed, when the court ruling is made. He reminded the Commission that this is an informational item and no action is required at this time.
Chair Justin Cummings requested public comments on the update. Executive Officer Joe Serrano indicated that there were no requests to address the Commission. Chair Justin Cummings closed public comments.

Chair Justin Cummings called for Commission comments on this item.

Commissioner Roger Anderson asked if there is a timeline for the case. Executive Officer Joe Serrano noted staff is not aware of the lawsuit’s timeframe. Mr. Serrano indicated that staff will be working with LAFCO’s legal counsel to determine the lawsuit’s schedule.

Chair Justin Cummings asked if the formation of an ad-hoc committee would require Commission action. Executive Officer Joe Serrano confirmed that the formation of an ad-hoc committee would require Commission’s approval. Mr. Serrano noted that the Commission may consider creating the committee at a future LAFCO meeting.

Chair Justin Cummings noted no additional comments or questions from the Commission and moved to the next item since no Commission action was required.

6e. Regular and Alternate City Member Election Process

Chair Justin Cummings requested staff to provide a presentation on the upcoming election process for the city member seats on LAFCO.

Executive Officer Joe Serrano indicated that two city seats on LAFCO will become vacant in May 2022. Mr. Serrano noted that the City Selection Committee is tasked to appoint city representatives on LAFCO when a vacancy occurs. He explained that historically the four cities rotate staggered, four-year terms on LAFCO to ensure equal representation on the Commission. Assuming the City Selection Committee continues this rotation practice, the Cities of Capitola and Watsonville will be seated on LAFCO as the two voting members starting May 2022. The City of Scotts Valley will also be appointed as the new alternate member and the City of Santa Cruz will rotate out.

Chair Justin Cummings requested public comments on the update. Executive Officer Joe Serrano indicated that there were no requests to address the Commission. Chair Justin Cummings closed public comments.

Executive Officer Joe Serrano noted that LAFCO’s legal counsel will host the closed session in a separate remote meeting and requested that the Commission reconvene to the regular LAFCO meeting once the closed session is over.

11. ANNOUNCEMENTS FROM CLOSED SESSION

Legal Counsel Joshua Nelson noted that there was no reportable action.

12. ADJOURNMENT

Chair Justin Cummings thanked the Commission for allowing him to be the Chair for the past year and adjourned the Regular Commission Meeting at 10:35 a.m. to the next regular LAFCO meeting scheduled for Wednesday, February 9, 2022 at 9:00 a.m.

SUBJECT: INTRODUCTION OF ORDINANCE NO. 102.16 AMENDING THE BUILDING REGULATIONS CONTAINED IN TITLE 15, CHAPTER 15.04 OF THE SCOTTS VALLEY MUNICIPAL CODE AND ADOPTING THE CALIFORNIA CODE OF REGULATIONS TITLE 24, 2022 BUILDING STANDARDS CODES AND OTHER CODES, SUBJECT TO THE SPECIFIED DELETIONS, AMENDMENTS, EXCEPTIONS AND ADDITIONS, AND OTHER CODES AND STANDARDS TO ESTABLISH MINIMUM REQUIREMENTS TO SAFEGUARD PUBLIC HEALTH, SAFETY AND GENERAL WELFARE

SUMMARY OF ISSUE

Every three (3) years, the building, plumbing, mechanical, electrical and other building codes are updated to include the most current construction and engineering principles and practices. Under the purview of the California Building Standards Commission, the newly revised California Building Standards Codes are published for required local adoption. This process is to assure that the latest construction, engineering and life safety techniques become standard practice throughout the State. The mandatory effective date of the 2022 Building Standards is January 1, 2023.

Amendments to the City’s building regulations (Title 15 of the Municipal Code) are proposed in an effort to recognize the adoption of the State Building Standards Codes and other codes and standards used by the City of Scotts Valley to promote health, life and safety as it relates to building construction. The City is permitted to adopt amendments to these building standards provided the amendments are based on findings that these amendments are necessary due to local climatic, topographic or geological conditions. The proposed amendments are listed in the attached ordinance. Any amendments cannot be less restrictive than the provisions of the CBSC.

The Building Codes proposed for adoption with amendments as applicable include the following:

• 2022 California Building Code
Overall, the proposed ordinance provides for adoption of the mandatory State codes, while maintaining consistency with the intent of our local standards. Although there are no significant changes from the 2019 California Building Codes, the following are notable:

a. The 2022 Codes provide for a 1-year expiration date on building permits. However, due to City concerns of outdated construction requirements and extended construction periods, the amendments retain the 180-day expiration period.

b. Swimming Pool Safety Act - This law is mandatory, not optional for local adoption. To align with the CBC, Chapter 31, Appendix AX section numbers were reformatted to reflect the numbering used in HSC 115920 through 115929.

FISCAL IMPACT

The City will be required to purchase new building code books in the amount of approximately $1,500.

RECOMMENDATION

It is recommended that the City Council adopt the 2022 California Code of Regulations Title 24 Building Standards Codes and amend Title 15.04 (Building Regulations) of the SVMC as listed below:

Introduce for first reading Ordinance No. 102.16, An Ordinance Of The City Council Of The City Of Scotts Valley Amending The Building Regulations Contained In Title 15, Chapter 15.04 Of The Scotts Valley Municipal Code And Adopting The California Code Of Regulations Title 24, 2022 Building Standards Codes And Other Codes, Subject To The Specified Deletions, Amendments, Exceptions And Additions, And Other Codes And Standards To Establish Minimum Requirements To Safeguard Public Health, Safety And General Welfare.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SCOTTS VALLEY AS FOLLOWS:

WHEREAS, approximately every three years, new model building code standards are reviewed, modified and approved by the California Building Standard Commission, and thenceforth mandated for local jurisdiction enforcement within 180 days of publication.

WHEREAS, pursuant to Sections 17922, 17958, 17958.5 and 17958.7 of the California Health and Safety Code, the City of Scotts Valley may make changes to the California Building Standards Code or the other regulations thereafter adopted upon making findings based local geologic, topographic and climatic conditions.

WHEREAS, the following local geologic and climatic conditions necessitate modifications to the California Building Standards Code as detailed in Section 15.04.070 of the Scotts Valley Municipal Code:

1. Geological I - The region is located in an area of high seismic activities as indicated by United States Geological Survey and California Division of Mines and Geology. Recent earthquake activities have indicated the lack of adequate design and detailing as a contributing factor to damages that reduced the protection of the life-safety of building occupants.

2. Geological II - The region is located in an area of high seismic activities as indicated by United State Geological Survey and California Division of Mines and Geology. Recent earthquake activities have indicated the lack of flexibility of materials and/or building systems has been a contributing factor to damages that reduced the protection of the life-safety of building occupants and increased the cost of rehabilitation of structures.
3. Climatic I - The region is within a climate zone that requires compliance with energy efficiency standards for building construction. The amendment will add to energy efficiency and safety by utilizing the most current nationally recognized standards.

WHEREAS, the finding of necessity as set forth in Section 18941.5 (a) of the California Building Code and 17958.5 of Title 18 (Health and Safety Code) California Code of Regulations for the code amendments listed in Scotts Valley Municipal Code Section 15.04.070 is hereby made.

CITY COUNCIL STAFF REPORT  

DATE: November 2, 2022

FROM: Robin Woodman, Building Official  
APPROVED: Mali LaGoe, City Manager  
SUBJECT: Introduce An Ordinance Adding Chapter 15.22 to Create an Expedited Streamlined Process of Electric Vehicle Charging Stations as Required by Government Code Section 65850.7  

SUMMARY OF ISSUE  

In 2015, the State of California adopted Assembly Bill 1236 (2015, Chiu, Codified as Government Code Section 65850.7), which requires local jurisdictions with a population less than 200,000 residents to adopt an ordinance to create an expedited, streamlined permitting process for electric vehicle charging stations. In 2021, AB 970 (McCarty, 2021, codified in Government Code Section 65850.71) expanded on AB 1236. All cities and counties, including charter cities, in California are required to comply with AB 1236 and AB 970. AB 970 shall become operative on January 1, 2023 for every city, county, or city and county with fewer than 200,000 residents. Jurisdictions are required by AB 1236 to limit EVCS project review to health and safety requirements. AB 970 adds specific binding timelines to that review period based on the size of the project and clarifies parking requirements.  

An electric vehicle charging station is any level of electric vehicle supply equipment station which deliver electricity from a source outside an electric vehicle into a plug-in electric vehicle. AB 1236 may refer to the recommendations in the most current version of the “Plug-In Electric Vehicle Infrastructure Permitting Checklist” of the “Zero-Emission Vehicles in California: Community Readiness Guidebook” published by the Governor’s Office of Planning and Research.  

BACKGROUND  

Assembly Bill 1236, which amended Government Code Section 65850.7 to require jurisdictions with a population less than 200,000 residents to establish procedures for expedited, streamlined processes for permitting of electric vehicle charging stations. The amendments to Section 65850.7 include the requirement for a jurisdiction to adopt an ordinance for the expedited, streamlined process on or before September 30, 2017. The ordinance shall include the requirement that a jurisdiction adopt a checklist of requirements with which a permit application for an electric vehicle charging station will be eligible for expedited review. Although the City did not adopt such an ordinance at that time, it has been complying with the requirements of state law.
This process includes the establishment of a checklist containing objective requirements for the installation of an electric vehicle charging station and a process for electronic submittal of permit applications. The content of the checklist requires the permit applicant to check the features of the existing electrical service such as rating in amperes, system voltage, connected or calculated load, spare capacity in amperes, voltage and ampere rating of the electric vehicle supply equipment, circuit rating of the electric vehicle supply equipment, location of the electric vehicle supply equipment, if ventilation is/or is not required, and clearances of the charging equipment to comply with all applicable building and fire safety laws. The checklist also assists the applicant in confirming that the location of the electric vehicle supply equipment will comply with any vehicle clearance requirements in the City’s Zoning Code. Section 65850.7 requires that the City’s checklist may be based on the “Plug-In Electric Vehicle Infrastructure Permitting Checklist” of the “Zero-Emission Vehicles in California: Community Readiness Guidebook” of the Governor’s Office of Planning and Research.

AB 970 requires that an application to install an electric vehicle charging station be deemed complete if, either 5 business days or 10 business days after the application was submitted, depending on the number of electric vehicle charging stations proposed in the application, the City has not deemed the application to be incomplete or issued a written correction notice detailing all deficiencies in the application. The bill requires an application to be deemed approved if 20 business days or 40 business days after the application was deemed complete, depending on the number of electric vehicle charging stations proposed in the application, if not action is taken on the application.

Assembly Bill 1236 (2015) also clarifies that a jurisdiction shall not condition approval of a permit for an electric vehicle charging station based on the approval of an association as defined in California Civil Code Section 4080.

**FISCAL IMPACT**

There is no fiscal impact to the City as a result of the recommended action.

**STAFF RECOMMENDATION**

Introduce Ordinance No. 102.17, and waive the reading thereof.

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SCOTTS VALLEY
SETTING FORTH PROCEDURES FOR EXPEDITING PERMITTING
PROCESSING FOR ELECTRIC VEHICLE CHARGING SYSTEMS

WHEREAS, the State of California and the City of Scotts Valley has consistently
promoted and encouraged the use of fuel-efficient electric vehicles; and

WHEREAS, in 2015, the State of California adopted Assembly Bill 1236, which requires
local agencies to adopt an ordinance that creates an expedited and streamlined
permitting process for electric vehicle charging systems; and

WHEREAS, in 2021, the State of California adopted Assembly Bill 970, which builds on
the streamlining process of Assembly Bill 1236 and adds specific binding timelines to
that review period based on the size of the project and clarifies parking requirements;
and

WHEREAS, creation of an expedited, streamlined permitting process for electric vehicle
charging stations would facilitate convenient charging of electric vehicles and help
reduce the City’s / County’s reliance on environmentally damaging fossil fuels; and

WHEREAS, in the enactment of this ordinance, the City followed the guidelines adopted
by the State of California and published in the California Code of Regulations, Title 14,
Section 15000, et seq. and found this activity is not a “project” as defined by California
Environmental Quality Act (CEQA) because it is an organizational or administrative
activity that will not result in direct or indirect physical changes in the environment.

NOW, THEREFORE, THE COUNCIL OF THE CITY OF SCOTTS VALLEY DOES
ORDAIN AS FOLLOWS:

SECTION 1. The foregoing facts are adopted as findings of the City Council as though
set forth in fully within the body of this ordinance.

SECTION 2. That a new Chapter 15.22 is added to Title 15 of the Scotts Valley Municipal

Section 15.22.030- Expedited Permitting Process

Section 15.22.010 – Findings and Purpose.
The purpose of this Chapter is to promote and encourage the use of electric vehicles by creating an expedited, streamlined permitting process for electric vehicle charging stations while promoting public health and safety and preventing specific adverse impacts in the installation and use of such charging stations. This Chapter is also purposed to comply with California Government Code Section 65850.7.

**Section 15.22.020 Definitions.**

(a) “Electric vehicle charging station” or “charging station” means any level of electric vehicle supply equipment station that is designed and built in compliance with Article 625 of the California Electrical Code, as it reads on the effective date of this Chapter, and delivers electricity from a source outside an electric vehicle into a plug-in electric vehicle.

(b) “Specific, adverse impact” means a significant, quantifiable, direct, and unavoidable impact, based on objective, identified, and written public health or safety standards, policies, or conditions as they existed on the date the application was deemed complete.

(c) “Electronic submittal” means the utilization of one or more of the following:

   i. Electronic mail or email.

   ii. The internet.

   iii. Facsimile.

**Section 15.22.030 Expedited Permitting Process.**

Consistent with Government Code Section 65850.7, the Building Official shall implement an expedited, streamlined permitting process for electric vehicle charging stations, and adopt a checklist of all requirements with which electric vehicle charging stations shall comply with in order to be eligible for expedited review. The expedited, streamlined permitting process and checklist may refer to the recommendations contained in the most current version of the “Plug-In Electric Vehicle Infrastructure Permitting Checklist” of the “Zero-Emission Vehicles in California: Community Readiness Guidebook” as published by the Governor’s Office of Planning and Research. The City’s adopted checklist shall be published on the City’s website.

**Section 15.22.040. Permit Application Processing.**

(a) Prior to submitting an application for processing, the applicant shall verify that the installation of an electric vehicle charging station will not have specific, adverse impact to public health and safety and building occupants. Verification
by the applicant includes, but is not limited to: electrical system capacity and loads; electrical system wiring, bonding and overcurrent protection; building infrastructure affected by charging station equipment and associated conduits; areas of charging station equipment and vehicle parking.

(b) A permit application that satisfies the information requirements in the City’s adopted checklist shall be deemed complete and be promptly processed. Upon confirmation by the Building Official that the permit application and supporting documents meets the requirements of the City adopted checklist, and is consistent with all applicable laws and health and safety standards, the Building Official shall, consistent with Government Code Section 65850.7, approve the application and issue all necessary permits. Such approval does not authorize an applicant to energize or utilize the electric vehicle charging station until approval is granted by the City. If the Building Official determines that the permit application is incomplete, he or she shall issue a written correction notice to the applicant, detailing all deficiencies in the application and any additional information required to be eligible for expedited permit issuance.

(c) Consistent with Government Code Section 65850.7, the Building Official shall allow for electronic submittal of permit applications covered by this Ordinance and associated supporting documentations. In accepting such permit applications, the Building Official shall also accept electronic signatures on all forms, applications, and other documentation in lieu of a wet signature by any applicant.

**Section 15.22.050. Technical Review.**

(a) It is the intent of this Ordinance to encourage the installation of electric vehicle charging stations by removing obstacles to permitting for charging stations so long as the action does not supersede the Building Official’s authority to address higher priority life-safety situations. If the Building Official makes a finding based on substantial evidence that the electric vehicle charging station could have a specific adverse impact upon the public health or safety, as defined in this Chapter, the City may require the applicant to apply for a use permit.

(b) In the technical review of a charging station, consistent with Government Code Section 65850.7, the Building Official shall not condition the approval for any electric vehicle charging station permit on the approval of such a system by an association, as that term is defined by Civil Code Section 4080.

**Section 15.22.060. Electric Vehicle Charging Station Installation Requirements.**

(a) Electric vehicle charging station equipment shall meet the requirements of the California Electrical Code, the Society of Automotive Engineers, the National
Electrical Manufacturers Association, and accredited testing laboratories such as Underwriters Laboratories, and rules of the Public Utilities Commission or a Municipal Electric Utility Company regarding safety and reliability.

(b) Installation of electric vehicle charging stations and associated wiring, bonding, disconnecting means and overcurrent protective devices shall meet the requirements of Article 625 and all applicable provisions of the California Electrical Code.

(c) Installation of electric vehicle charging stations shall be incorporated into the load calculations of all new or existing electrical services and shall meet the requirements of the California Electrical Code. Electric vehicle charging equipment shall be considered a continuous load.

(d) Anchorage of either floor-mounted or wall-mounted electric vehicle charging stations shall meet the requirements of the California Building or Residential Code as applicable per occupancy, and the provisions of the manufacturer’s installation instructions. Mounting of charging stations shall not adversely affect building elements.”

SECTION 3. SEVERABILITY. If any section, subsection, sentence, clause, phrase or portion of this Ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction such portion shall be deemed a separate, distinct and independent provision of such Ordinance and shall not affect the validity of the remaining portions thereof.

SECTION 4. REPEALS CONFLICTING ORDINANCES. All other ordinances of the City of Scotts Valley or provisions of the Scotts Valley Municipal Code which are in conflict with this Ordinance are hereby repealed to the extent of such conflict.

SECTION 5. CEQA COMPLIANCE. The City Council finds and determines that the enactment of this Ordinance is not a “project” as that term is used in the California Environmental Quality Act (“CEQA;” Cal. Pub. Resources Code Section 21000 et seq.) or the State CEQA Guidelines (Cal. Code of Regs., Title 14, Section 15000 et seq.). Therefore, no environmental assessment is required or necessary.
