Supplemental Questionnaire for Wastewater Laboratory Analyst and Senior Wastewater Laboratory Analyst

Completed questionnaire must be submitted with application

1. Describe your experience performing physical, chemical and bacteriological analysis, including quality control, of wastewater or water in a laboratory certified by the California Department of Public Health Environmental Laboratory Accreditation Program (ELAP).

2. Describe your experience at interpreting and applying State and Federal regulations relating to wastewater or water.

3. Describe your experience with written and electronic laboratory records and reports.

If more space is needed for response, attach additional sheets.
